

Market Smart.

Show Off with a HangTen Fabric Display

When you want to make BIG splash in a smaller footprint, think HangTen. The HangTen series combines seamless tension fabric graphics with a scalable framework to serve more of your marketing needs. A HangTen backwall for your trade show can transform into a kiosk for sponsorships or a table top for conferences. Choose from curved or flat models with single or double sided graphics. Our fabric graphics are not only brilliant but lighter in weight, more durable and less expensive than rollable magnetic graphics. So HangTen helps lower your exhibition costs.

Catch the HangTen Wave with a 6-in-1

Fresh and bold, this budget-boosting solution delivers 6 configurations for **under €3,000!**

The HangTen 6-in-1 Classic/Plus Combo comes complete with:

- Set of 2 silver feet
- Aluminum frame components that easily assemble with the turn of an allen wrench
- Set of 2 halogen lights
- (1) 2.4m dye sub printed fabric graphics
- (1) 1.25m dye sub printed fabric graphics
- (1) tabletop dye sub printed fabric graphics
- (3) Bags

Create Your Own Stand Apart Style

Customize your HangTen fabric display your way. Power-up your presentation by adding on high performance accessories like these:

- Halogen or LED lights
- Dimensional headers, fins and profiles in a variety of silhouettes
- Small, medium and large monitors up to 42" weighing a maximum of 20 Kgs.
- Acrylic product shelves and slatwall racks for product display
- Product pedestals or lockable counters
- Literature holders for dispensing collateral
- iPad2 mounts

A 3m HangTen fabric display with a set of lights, a set of fins, a header, a pedestal and a monitor mount packs in just four bags.

Market Smart.

Choose the Show Smart Solution

Extend the value of your event marketing program by investing in a presentation property that adapts to serve multiple floor plans. In addition to converting into smaller models, HangTen grows for even greater impact. Expand your presence by connecting two HangTen backwalls to create a distinctive inline display that really stands out.

Ask your Display Consultant for details about the possibilities.
