Bring a LightWall Backlit Display

Stand out on the crowded show floor with an astonishing LightWall Backlit Display. LightWall will enchant, engage and energize your audience. The response you receive will be priceless.

Our new series of dazzling display walls combine seamless edge-to-edge imagery with true white LED lights to boost graphic impact.

Amazingly, this 20' LightWall Backlit Display wall packs into just one RollOne Case with a counter conversion that ships UPS and FedEx!

Our LightWall Series of Backlit Displays Range from 20' Inline to 5' Tabletop
